- 48 Unit Congregate Housing
- 3 Primary Care Clinics/Employed Physicians
- Home Health/Hospice
- 500 Employees
- Annual Gross Revenue 2008: \$44 M

Why the Journey?

- Landlocked on 2 Acre Campus
- Privacy/Confidentiality Issues
- Parking Difficulties
- Insufficient Mechanical/Electrical Systems
- Insufficient Space for Future Technologies/Growth

Master Planning Facility Study

- Fall 1999
- “Expansion vs. Status Quo” Key Question

Strategic Planning Study

- Fall 2000
- Evaluated Three Strategic Options
 1. Status Quo
 2. Moderate Capital Investment
 3. Regional Facility/Vision
- Final Report to Board, Medical Staff, Senior Management, Mayor & City Council

Community Study Commission

- Board Appointed, Winter 2001
- Vision – “Rural Regional Health System”
 1. Expanded Service Offerings
 2. Regional Collaboration
- Vision Objectives
 1. Attract/Retain Best Physicians
 2. Attract/Retain/Share Scarce Staff
 3. Invest In/Share Technology & Facilities

Seeking Collaboration

- Area Board Presentations
- Radio Program
- Area Tertiary System Meetings
- Board Chair/CEO Meetings
- County Summit, Spring 2002
- County Steering Committee, Summer/Fall 2002

Conclusion –

No common vision with respect to core service offerings from within existing providers in the County.

Now What?

- Strong Board Consensus to Move Forward
Fall 2002
- Community/Staff/Physicians Expectations High
- **Same Vision – Different Manifestation ?**

Vision

Orange City Area Health System will serve the community in the role of a rural regional health service provider, by

- Expanding range of health services accessible locally &
- Formally collaborating/partnering with key stakeholders.

This new role will best position the community's health system for the future to:

- Attract and retain the best physicians possible,
- Attract and retain increasingly scarce health care staff,
- Invest in the best possible technology and facilities.

The Journey Begins Anew!
